## Profile

Hi, **I'm Ayoub Mallek**, a dedicated full-stack developer with extensive experience in building large-scale projects using frameworks such as Laravel, Vue, React, Angular etc.... I specialize in crafting high-performance, scalable, and intuitive web applications, always striving to deliver top-tier results that meet client expectations. With a passion for continuous learning and staying at the forefront of emerging web technologies, I bring strong problem-solving skills and a commitment to excellence in every project I undertake.

## Employment History

### Founder of Cokitana Technologies, Cokitana Technologies

2023 — Present  Sfax

I founded Cokitana Technologies to legally commercialize my side projects. This venture taught me to manage diverse client interactions, close deals, negotiate with suppliers, collaborate with teams, supervise interns, and mentor others. Additionally, I gained valuable experience in accounting, taxes, task delegation, crisis management, and problem-solving.
